Advanced AI/ML Cybersecurity, Training, and Data-Driven Solutions Powered by Mission-Focused Experts

About Us

IntelliGenesis LLC® protects U.S. Defense and Intelligence networks against evolving threats through innovative, intelligence-driven services, solutions, products, and training.

Core Capabilities:

Cybersecurity & Network Operations
Intelligence-Driven Cyber Threat Protection; Offensive & Defensive Cyber Ops

AI & Machine Learning
AI/ML for Predictive Analytics, NLP, and Autonomous Mission Systems

Data Science & Analytics
Predictive Analytics and Data Engineering for Government Missions

Mission-Tailored Training
Transforming Classroom Knowledge into Operational Success

Mission Engineering
Engineering Operational Efficiency Through Secure, Scalable Mission Architectures

We Partner With:

- Government Labs & Agencies
- Prime and Sub Defense Integrators
- Academia
- Research Institutions

IntelliGenesis ®LLC
WHERE INTELLIGENCE BEGINS

Contracts

- ✓ Multiple NSA Prime Contracts
- ✓ GSA Multiple Award Schedule
- ✓ Multiple DoD Contracts
- ✓ Commercial Offerings List
- ✓ SBIRs & STTRs

Certified **SBA WOSB** Woman Owned Small Business | **GSA** Schedule 70 Contract GS-35F-460DA | **SBA** VETERAN-OWNED CERTIFIED | **ISO** 9001 2015 CERTIFIED | ML3 **CMMI** APPRAISED

IG Labs™

IG Labs™, a designated Cyber AI/ML Center of Excellence, drives advanced AI solutions, R&D, and rapid prototyping to showcase "The Art of the Possible." Our 8,000 sq. ft. state-of-the-art facility empowers developers to create innovative applications and hardware that solve complex challenges and advance the mission.

Services:

- AI/Deep Learning
- Agentic AI
- Data Science/Advanced Analytics
- Generative AI & Large Language Models
- Rapid Prototyping & Fabrication
- Defensive Cyber Solutions

IntelliCademy™
Powered by IntelliGenesis LLC®

50,000+ TRAINED SINCE 2018

IntelliCademy™, Powered by IntelliGenesis LLC®, prepares today's technical workforce for tomorrow's national security challenges. Led by mission-experienced experts, our training programs continuously evolve to meet the pace of technological change. Our curricula focus on emerging tools, mission-driven methods, and hands-on practical application to produce graduates who are certified and ready to lead in today's dynamic defense environment.
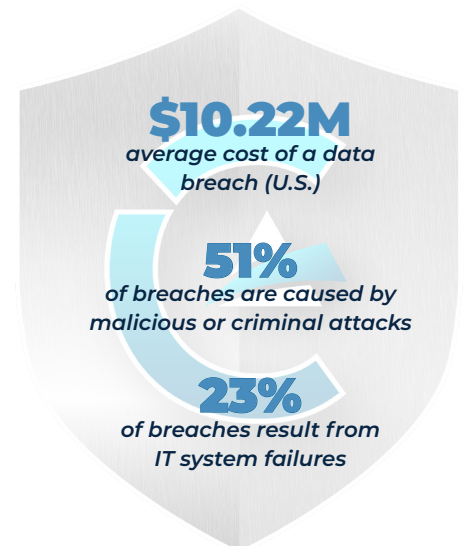

IntelliCademy CERTIFIED AI/ML Specialist

- **Mission-Focused Training**
- **Bridging the Gap Between Foundational Skills and Operational Execution**
- **Aligned with DoD 8140 Work Role Standards**

CYBERSPAN®
Powered by IntelliGenesis LLC®

Defense-Grade Network Detection and Response

CYBERSPAN® delivers transparent AI, real-time anomaly detection, and true data privacy for small and mid-sized businesses, without the need for a dedicated cyber team. With flexible deployment options, explainable alerts, and a metadata-only design that safeguards sensitive data, CYBERSPAN® makes it simple to detect threats early, reduce risk, and stay secure.

Most organizations take months to detect a breach. CYBERSPAN® flags unusual activity in real time, before the damage is done.

$10.22M
average cost of a data breach (U.S.)

51%
of breaches are caused by malicious or criminal attacks

23%
of breaches result from IT system failures
